

Job description

Job title	University Placement Student		
Grade	Junior	Salary	£TBC
Department	Consultancy	Location	Bath
Reporting to	Robin Attwater		
Responsible for	NA		

Purpose and objectives of the role

RenewEV specialises in delivering low carbon and renewable energy solutions for a wide range of clients in the West of England and Wales. We work across three primary sectors; Community Energy, Landowner Representation and Consultancy. As an Sustainability Consultant, you'll work closely with clients across these sectors to help them measure and improve their sustainability performance.

Main duties and responsibilities

The main function of the role is to provide consultancy services relating to:

- Sustainability
- Building Surveys
- Energy Monitoring
- Data Analysis
- Energy Modelling
- Solar and Battery System Design
- Product research

In the successful delivery of the above, the main tasks will include:

- Site visits to undertake surveys and inventories
- Undertake modelling and analysis using a variety of software tools
- Identify feasible solutions and present them to clients in the form of written reports
- Identify suitable sub-contractors and recommend packages of work to clients
- Manage the installation process to provide additional support to clients

Requirements

Experience

We welcome applications from students who are interested in a career within sustainability and renewable energy. Ideally the applicant will have previously completed an internship or have some prior work experience. Comprehensive training will be provided to develop your skills and help you get the most out of the placement. Experience of using Microsoft Excel, Python and/or modelling software is advantageous.

Qualifications

Applicants should be working towards a qualification in Engineering, Environmental Science or allied subject.

Working Practice

Renew EV have successfully hosted several interns and offer a supportive and inclusive environment to enable achievement of high standards of work. As a small team we foster innovation and collaboration, respecting that everyone has their own goals they want to achieve. We have a central office in Wiltshire, just outside Bath, and whilst we encourage flexible working patterns, weekly presence in the office is encouraged. We also believe that we all have a role to play in creating a better environment for future generations and demonstrate this through sharing our profits with Community Energy Schemes.

Timeframe for appointment

August/September 2024 - Flexible

Benefits

Workplace pension
25 days holiday a year plus Bank Holidays (pro rata)
Hybrid working available (role dependent)

Please send your cover letter and CV to robin.attwater@renewev.co.uk
